# Ali Wood™

Territory Steel is proud to be the exclusive distributor of Aliwood. What is Aliwood? An aluminium extrusion that looks like timber without the maintenance. Coming in a variety of timber tones and panel sizes 38mm, 65mm and 100mm wide. Aliwood can be used as fencing, louvers, gates and many more applications.

Aliwood decking is a simple cost effective solution for your home or office again without the need to invest time in maintaining it. The simple tongue and groove system reduces time thus allowing you to enjoy it sooner.

The Aliwood Sound Barrier / retaining system complies with the Queensland Department of Main Roads. Passes in impact, sound, deflection, strength, structural quality, RW rates and much more.

With 10 year guarantee you can rest easy knowing that your product will not need you keep it looking good.
